

Assalamu Alaikum Wa Rahmatullahe Wa Barakatuhu
Bismillahir Rahmanir Rahim

Today's topic: **“Stars mentioned in the holy Quran-1”**

There are four words in holy Quran about Star **كَوْكَبٌ** (Kaukabun), **نَجْمٌ** (Najmun),
بُرُوجٌ (Buruja), **الشِّعْرَى** (Al She'ra)
كَوْكَبٌ means Star

It is revealed in the holy Quran: Sura Al An'aam 6:76 to 79

1. Prophet Ibrahim (alaihisalam) said; indeed, I have turned my face toward He who created the heavens and the earth, and I am not of those who associate others with Allah.

Picture of bright star after sunset

When the night covered him over, he saw a star: he said: "this is my Lord." But when it set, he said: "I love not those that set." (Sura Al An'aam 6:76)

فَلَمَّا رَأَى الْقَمَرَ بَازِغًا قَالَ هَذَا رَبِّي فَلَمَّا أَفَلَ قَالَ لَئِن لَّمْ
يَهْدِنِي رَبِّي لَأَكُونَنَّ مِنَ الْقَوْمِ الضَّالِّينَ ﴿٤٧﴾

When he saw the moon rising in splendor He said: "This is my Lord." but when the moon set, he said: "Unless my Lord guide me, I shall surely be among those who go astray." (Sura Al An'aam 6:77)

فَلَمَّا رَأَى الشَّمْسَ بَازِغَةً قَالَ هَذَا رَبِّي هَذَا أَكْبَرُ فَلَمَّا
أَفَلَتْ قَالَ يَقَوْمِ إِنِّي بَرِيءٌ مِّمَّا تُشْرِكُونَ ﴿٤٨﴾

When he saw the sun rising in splendor he said: "This is my Lord; this is the greatest (of all)." But when the sun set, he said: "O my people! I am (now) free from your (guilt) of giving partners to Allah. (Sura Al An'aam 6:78)

إِنِّي وَجَّهْتُ وَجْهِيَ لِلَّذِي فَطَرَ السَّمَوَاتِ وَالْأَرْضَ حَنِيفًا وَمَا
أَنَا مِنَ الْمُشْرِكِينَ ﴿٤٩﴾

"For me I have set my face firmly and truly toward Him Who created the heavens and the earth, and never shall I give partners to Allah." (Sura Al An'aam 6:78)

It is revealed in the holy Quran: Sura Yousuf 12:4

2. When Yousuf (alaihissalam) said to his father "O my father indeed I have seen (in a dream) eleven stars and the sun and the moon, I saw them prostrating me.
(Allah made comparison of Yousuf's eleven brothers as Stars)

إِذْ قَالَ يُوسُفُ لِأَبِيهِ يَا أَبَتِ إِنِّي رَأَيْتُ أَحَدَ عَشَرَ كَوْكَبًا وَالشَّمْسَ وَالْقَمَرَ رَأَيْتُهُمْ لِي سَاجِدِينَ ﴿١٢﴾

Behold Joseph said to his father: "O my father! I did see eleven stars and the sun and the moon: I saw them prostrate themselves to me!" (Sura Yusuf 12:4)

It is revealed in the holy Quran: Sura An-Nur 24:35

3. As if it were a perly (white)well-high luminous star; Allah made a simile. In this verse it is mentioned Allah is the Light of the Heavens and the earth.

اللَّهُ نُورُ السَّمَوَاتِ وَالْأَرْضِ ۗ مِثْلُ نُورِهِ كَمِشْكَاةٍ فِيهَا مِصْبَاحٌ ۗ الْمِصْبَاحُ فِي زُجَاجَةٍ ۗ الزُّجَاجَةُ كَأَنَّهَا كَوْكَبٌ دُرِّيٌّ يُوقَدُ مِنْ شَجَرَةٍ مُبَارَكَةٍ زَيْتُونَةٍ لَا شَرْقِيَّةٍ وَلَا غَرْبِيَّةٍ ۗ يَكَادُ زَيْتُهَا يُضِيءُ وَلَوْ لَمْ تَمْسَسْهُ نَارٌ ۗ نُورٌ عَلَى نُورٍ ۗ يَهْدِي اللَّهُ لِنُورِهِ مَنْ يَشَاءُ ۗ وَيَضْرِبُ اللَّهُ الْأَمْثَالَ لِلنَّاسِ ۗ وَاللَّهُ بِكُلِّ شَيْءٍ عَلِيمٌ ﴿٣٥﴾

Allah is the Light of the heavens and the earth. The parable of His Light is as if there were a Niche and within it a lamp: the Lamp enclosed in Glass: the glass as it were a brilliant star: lit from a blessed Tree an Olive neither of the East nor of the West whose Oil is well-nigh luminous though fire scarce touched it: Light upon Light! Allah doth guide whom He will to His Light. Allah doth set forth Parables for men: and Allah doth know all things. (Sura An Nur 24:35)

It is revealed in the holy Quran: Sura As-Saffat 37:6

4. Indeed, we have adorned the nearest heaven with an adornment of stars.

Sky with full of beautiful Stars

We have indeed decked the lower heaven with beauty (in) the stars,
(Sura As-Saffat 37:6)

5. **And when the stars fall, scattering**

Falling Stars

This is the time of Qiayamah.

Scientists' theory, imagination and assumption about stars

1. *Sun is a star 150 million km from earth.*
2. *Proxima Centauri (nearest star from earth) Distance from Earth 4.246 light years. 1 light year= 9.461×10^{15} metre*
3. *100 billion stars being born and dying each year.*
4. *Milky way (our galaxy) 100 billion to 400 billion stars.*
5. *Andromeda galaxy: 1 trillion stars.*
6. *Triangulam galaxy: 40 billion stars.*
7. *Large Magellanic galaxy: 30 billion stars.*
8. *1c 1101 galaxy: 100 trillion stars.*
9. *Whirlpool galaxy: 100 billion stars.*
10. *Number of galaxies: 2 trillion.*
11. *What is star: A fixed luminous point in night sky which is a large, remote, incandescent body like the sun.*
12. *Dwarf star size is similar to Earth's size. Supergiant star size is more than 1500 times larger than Our Sun. The radius of sun is 696,340 km.*

Dear brother and sister the creations of Allah is vast, beyond our imagination.

Let us submit to Allah. Bow down to Allah. Praise Him. Thank Him for creating all these for our benefit. We must not disobey Allah. We should refrain from associating anyone with Allah. Let us follow the Quran and Sunnah in our worldly life.

Ameen

Assalamu Alaikum Wa Rahmatullahe Wa Barakatuhu
