## Best Country to practice Islam

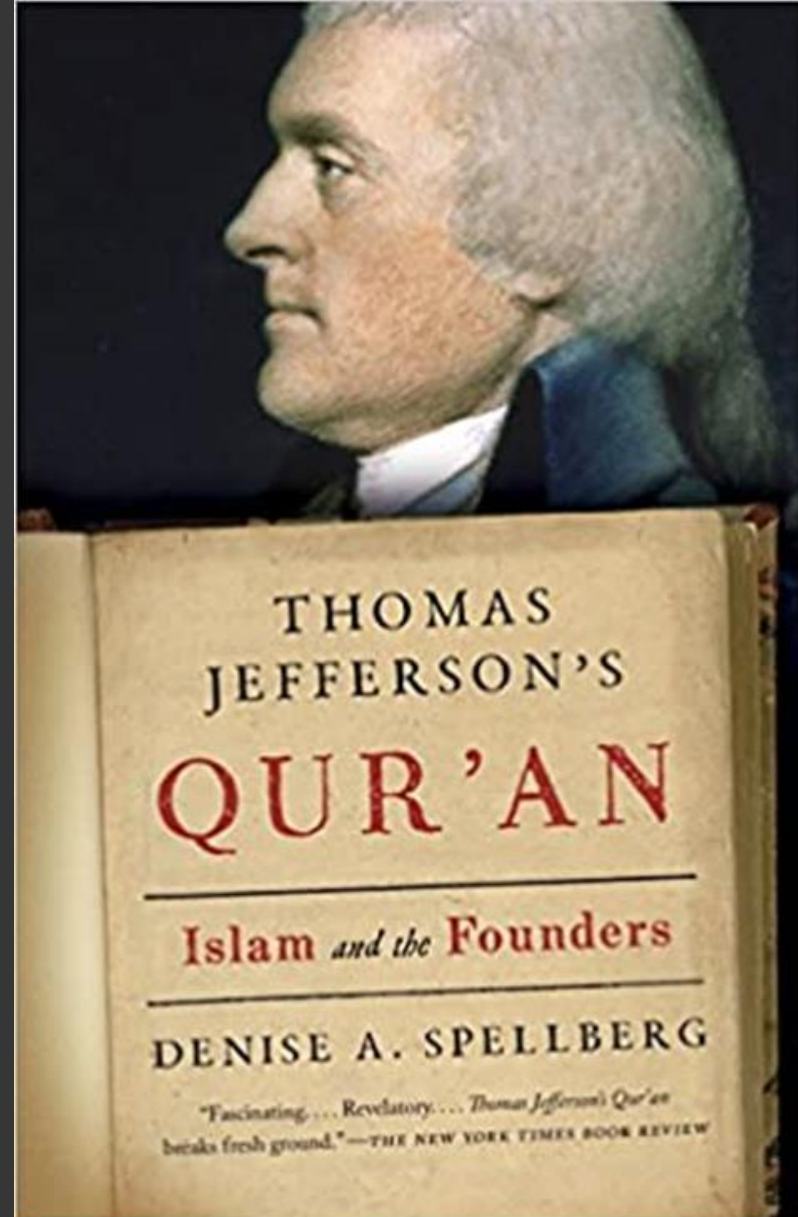

*Check it out!*

## If you look around the world...

1. Many **Muslim countries** (with few exceptions) have restrictions on Islamic activities, distribution of Islamic literature, religious leaders are behind bars indefinitely without trial, some even eliminated without any trace, Hijab restrictions, etc.
2. All these restrictions are due to control of power/position, religious exploitations, free-speech restrictions, corruption, etc.

## USA does not have these restrictions...

1. You can **freely practice** religion, build masjid, run Islamic school, distribute Islamic literature, free religious speech, legally fight for your rights, thousands of **converts in jail reading Quran, eat halal food, wear Islamic dress, even pray Friday Jumah in few places.**
2. No one is prosecuted based on religion, **no hijab restriction for women even in job, etc.**
3. Allows pictures for **driver's license** or **US passport** without showing full face due to religion.
4. There are few **elected Muslim officials** in few areas where Muslims are **even** minority!
5. Founding fathers of US constitution studied Quran (**Jefferson's Quran** is still preserved in US Library of Congress), **allows taking oath of office using Quran** for Congress, Senate, etc.
6. US Supreme court has **statue of the Prophet Muhammad ﷺ holding Quran** inside its rotunda of the building recognizing as great law giver from history as a gesture of goodwill!
7. All US Dollar bill even says '**In God we Trust**'
