

Economic War vs Physical War  
*Which one more harmful?*  
*Avoid/negotiate at every level*

Both wars are very harmful to all sides even winners. Humanity suffers beyond limits at end.

**Physical War:** Kills people, sufferings, destroy cities, country beyond repair, nuclear war brings permanent destruction, radiation with diseases for generations.....**can not recover.**

**Economic War:** Embargo on food/medicine/economy, high inflation/sufferings, huge debt from IMF/WB/ADB, useless currency, mercy by big powers with **partial recovery/relief.**

### Causes/Reasons:

Big powers with **any excuse** go to war to **sell expensive arms, make money**, dominate on the earth for resources, economic boycott to maximize harm/destruction/sufferings, poor countries **can not recover** with limited economic help, only **more debt, poorer forever.**

### Smart Solutions:

- 1. Hudaibiyah Treaty:** The prophet ﷺ was ready for Umrah with people from Madina, then he made treaty with the people of Makka to avoid fight, Umrah next year. Quran says **إِنَّا فَتَحْنَا لَكَ فَتْحًا مُّبِينًا** *Verily We have given you (O Muhammad ﷺ) a clear victory. (Al-Fath 48:1).*
- 2. Peace Talk/Give Dawah:** Easy to go to war but difficult to talk peace. If you **give up little** (say 5%) you can avoid war, save 95% from destruction/damage. You can always talk peace/Dawah to keep **open channel with enemy**, avoid war, save from destruction, less debt.
- 3. Neutral position:** Many times, neutrality can help avoid enmity/war, save resources for economic development. **Ego/stubborn can destroy at every level like Saitan.**
- 4. Wall Street Journal:** If you run away from market if wrong, can fight **another day!**
