

## “We made every living thing of water”

---

Assalamu Alaikum Wa rahmatullahi Wa barakatuh. Bismillahir Rahmanir Rahim. Today's topic: “We made everything of water.” Water is a blessing and mercy of Allah SWT for all living creatures in this world. Total water in this world is 1.386 billion cubic km, of which 97.5% salty water, 2.5% sweetwater, only 0.3% is liquid water and the rest 2.2% is ice. Every year rain falls on earth is 505000 cubic km, out of this 398000 cubic km falls in the ocean. “93” rain falls on the surface of the earth each year.”

It is revealed in The Holy Quran, Surah 21, Al ambiya verse 30:

---

☆ وَجَعَلْنَا مِنَ الْمَاءِ كُلَّ شَيْءٍ حَيٍّ

Means: “And we made every living thing of water”

It is revealed in The Holy Quran, Surah 56, Al Waqiah verse 68-70:

---

☆ أَفَرَأَيْتُمُ الْمَاءَ الَّذِي تَشْرَبُونَ ☆ ءَأَنْتُمْ  
أَنْزَلْتُمُوهُ مِنَ الْمُزْنِ أَمْ نَحْنُ الْمُنزِلُونَ ☆ لَوْ  
نَشَاءُ جَعَلْنَاهُ أُجَاجًا فَلَوْلَا تَشْكُرُونَ

**Means: “And have you observed the water that you drink? Is it you who brought it down from the clouds or is it we who bring it down? If we willed we could make it bitter, so why are you not grateful?”**

**Antioxidant suppresses free Radical:** Free radical is responsible for heart disease and cancer. Antioxidant is available in vegetables and fruits grown naturally by “rain water”. If there were no rain, vegetables and fruits could not be grown and we could not get antioxidant.

**Dear brothers and sisters, We must try hard to read, understand the Quran and sunnah and follow what Allah subhanahu wa ta’ala and his prophet sallallahu alayhi wa sallam asked us to do. We should always be grateful to Allah subhanahu wa ta’ala for his endless blessings and Mercy upon all the living things on Earth. We must thank Allah subhanahu wa ta’ala by offering 5 times prayers, paying zakat and sadaka to the needy persons, fast during the month of Ramadan and ask His forgiveness.**

**Ameen,**

**Assalamu Alaikum wa Rahmatullahi Wa Barakatuh.**
